SUMMARY

Motivated second-year student pursuing computer science at Cairo University. I am seeking a web development internship to apply my knowledge and technical skills in real-world challenges as well as contribute to innovative projects and gaining valuable industry experience while working within a dynamic and collaborative team.

EDUCATION

Cairo University – Faculty of Computers and Artificial Intelligence   Oct 2022 - 2026

SKILLS

- **HTML , CSS, JavaScript**
- **React**
- **Bootstrap**

- **Python**
- **Django**
- **Problem Solving**

- **Microsoft SQL Server**
- **C++**

PROJECTS

Library Managemant Website (HTML, CSS, JavaScript, Python, Django, sqllite)
Implemented search page and function for an online library website with university peers for both backend and frontend.
https://github.com/DaliaAdel262/Library

Movie Recommendation Website (React, Bootstrap, JavaScript, axios, TMDB, JWT)
A website that displays trending movies, tv shows and people with API provided by The movie database. Implemented authentication using JWT and provided API on postman.
https://github.com/DaliaAdel262/Movie-Recommendation-Website

Portfolio template (HTML, CSS, Bootstrap)
Created a responsive portfolio template website.
https://github.com/DaliaAdel262/DEPI-React-Program/tree/main/portfolio

TicTacToe Variations (C++,GUI using C++ builder)
Developed a 5x5 TicTacToe game variation using OOP concepts and built GUI for all three (four-in-a-row, pyramid TicTacToe, 5x5 TicTacToe) games using C++ builder.
https://github.com/DaliaAdel262/X_O_Game-Variations

CRUDS (HTML,CSS,Bootstrap,JavaScript)
A simple webpage implementing CRUDS, that allows user to create, retrieve, update, delete or search product.
https://cruds-chi-two.vercel.app/

Personal Website (HTML,CSS,Bootstrap,JavaScript)
My responsive portfolio website showcasing all projects.
https://portfolio-three-omega-75.vercel.app/
